Profile

Diploma in Informatics student at Universitas Sebelas Maret with a strong interest in Frontend and Mobile Application Development. Experienced in developing responsive applications using React.js and Flutter, integrating RESTful APIs, and designing intuitive user interfaces. Passionate about continuous learning and building impactful digital solutions.

Technical Skills

- Programming Languages: JavaScript, Dart, PHP, HTML, CSS, Python, C++
- Frameworks & Libraries: React.js, Flutter, Laravel, Next.js, Vue.js, Tailwind CSS
- Database: MySQL, PostgreSQL
- Tools: Git, GitHub, Visual Studio Code, Android Studio, Postman, Figma, Netlify, Vercel
- Technologies & Other Skills: REST API Integration, Responsive Web Design, UI Prototyping, Unity

Experience

Frontend Developer & UI/UX Designer (Project Based Learning) Feb 2026 - July 2026

Hummalabs × Universitas Sebelas Maret

- Designed user flows, wireframes, and high-fidelity UI in Figma.
- Developed responsive web interfaces using React.js.
- Integrated frontend applications with RESTful APIs.
- Collaborated with backend developers using Git and GitHub.

Projects

ATAP – Boarding House Management Platform (React.js, Vite, Tailwind CSS, REST API) 2026

- Developed responsive interfaces and integrated RESTful APIs.
- Collaborated using Git and implemented authentication features.

Arjes Kitchen – Mobile Café Management App (Flutter, Dart) 2025

- Built a Flutter-based café management application with CRUD features.
- Designed responsive mobile interfaces.

StrawFuel – Renewable Energy Platform (React.js, Tailwind CSS) 2026

- Developed responsive interfaces for an agricultural monitoring platform.
- Built reusable UI components and interactive dashboards.

VolunTrack – Volunteer Management App (Figma) 2026

- Designed wireframes and high-fidelity UI prototypes.
- Applied user-centered design principles for mobile interfaces.

Mountain Adventure – 2D Adventure Game (Unity, C++) 2025

- Developed gameplay mechanics and interactive game features.
- Implemented player movement and collision detection.

Education

Diploma in Informatics

Universitas Sebelas Maret

2024 - Present

Leadership Experience

Head of Personnel Division

E-Mailkomp Universitas Sebelas Maret

2026 - Present

Cabinet Secretary Staff

BEM Sekolah Vokasi Universitas Sebelas Maret

2025

Certifications

- JavaScript Essentials 1 – Cisco
- JavaScript Essentials 2 – Cisco
- UI/UX Bootcamp – Dibimbing
- AWS Cloud Fundamentals
- Intro to Data Analytics – RevoU
